SYS@3000 3.0

THE CENTRAL UNIT COMBINING STYLE AND PERFORMANCE

The central unit **SYS@3000 3.0**, is the solution in terms of style and power for the Food Organized Supply and No Food and also the franchise stores.

The small size and design make it suitable for checkout counters of all sizes and models.

The Industry Standard guarantees high quality performance and functional reliability over time.

Upgradability and maximum connectivity, allow the addition of different management devices (display, keyboards, touch) and communication (alert service opening cash register or communication with operator, etc.) for maximum customization and management flexibility.
